LEWIS & CLARK Great Journey West

Run Time 40 min, Available in 2D

Relive an amazing tale of discovery and exploration as National Geographic brings to life the first crossing of what would become the United States. The film chronicles a group of explorers -- the Corps of Discovery -- led by Meriwether Lewis and William Clark into uncharted territory to find a water passageway to the Pacific Ocean.

BUGS A Rainforest Adventure

Run Time 40 min, Available in 3D

BUGS! follows the life cycles of a mantis and a butterfly, from their births to their inevitable encounter in the rainforests of Southeast Asia where predator meets its prey.

PANDAS The Journey Home

Run Time 40 min, Available in 2D & 3D

Filmmakers of Pandas: The Journey Home were granted unprecedented access to the Wolong Panda Center in China. Meet all of the pandas at the center as they get ready for their new lives in various parts of the world, and learn about their fascinating habits and personalities.

MYSTERIES OF THE UNSEEN WORLD

Run Time 20 min or 40 min, Available 3D or 2D

MYSTERIES OF THE UNSEEN WORLD transports audiences to places on this planet that they have never been before, to see things that are beyond their normal vision, yet literally right in front of their eyes. It also reveals phenomena that can't be seen with the naked eye, taking audiences into earthly worlds secreted away in different dimensions of time and scale.

ROBOTS

Run Time 39 min, Available in 3D

ROBOTS is a sneak peek into the future at what might be possible as scientists use innovative engineering and design to make cyber characters less “humanoid” and more just plain human. Robot “actor” RoboThespian will introduce you to CHIMP, ATLAS, PR-2, Herb the Butler, ICUB, and others as he takes you on an amazing tour of what’s going on in robotics labs around the world.

THE MEERKATS

Run Time 36 min, Available in 3D

Filmed over the course of a year, MEERKATS follows an extraordinary—not to mention adorable—family that stands just 12 inches tall. Discover how these tiny but strong creatures survive in the harsh desert.

JERUSALEM

Run Time 44 min, Available in 3D

JERUSALEM takes audiences on an inspiring and eye-opening tour of one of the world’s oldest and most enigmatic cities. Destroyed and rebuilt countless times over 5,000 years, Jerusalem’s enduring appeal remains a mystery. What made it so important to so many different cultures? How did it become the center of the world for three major religions? Why does it still matter to us?

TO SPACE & BACK

Run Time 25 min, Available in 3D or 2D

To Space & Back, takes you on an incredible journey from the far reaches of our known universe to our own planet. The technology that transports us through space is paving the way for the devices and apps we use every day. What’s happening above and beyond is coming back down to Earth!
